“ Sharon, Christine and Kimmy, we are very sorry to here of the passing of Terry. Seems like so long ago where we were neighbors on Bryant St. Fond memories on that Street with his mom, Ruth living across the St. watching the girls grow up. We will keep your family in our prayers and May God be your strength during your time of grieving. I know he has left his family with memories that will last a lifetime. Sincerely, Ken and Dena

“ My dad was definitely one of the hardest workers I have ever known. I will never forget any project he was doing I always was able to help him complete it. He showed me the meaning behind hard work and that it does pay off in the future. I can't believe you are actually gone but you will forever stay with me in my heart. Know that I will always love you and forever will be Daddy's little girl.
